Claim amendments

Claims 78-80 were objected to as being dependent from a canceled claim (127). The Examiner wrote that he "believes the claims should ultimately depend from claim 41." Applicants agree and have currently amended claims 78 and 79 to correct the dependencies.

Applicants believe the amendments and remarks presented hereinabove to be fully responsive to the objections raised by the Examiner. In view of these amendments and remarks, Applicants respectfully submit that all of the claims in the present application are now in order for allowance. Notice to this effect is respectfully requested.

If a telephone interview would be of assistance in advancing prosecution of the subject application, applicants' undersigned attorney invites the Examiner to telephone him at the number provided below.
